SUMMARY

Full Stack Developer experienced in JavaScript and React.js, with additional skills in TypeScript, Redux, Express.js, and PostgreSQL. Passionate about front-end development and building clean, responsive user interfaces. Recently graduated from an Amazon-Certified Fullstack Bootcamp and am continuously learning through online courses.

TECHNICAL SKILLS

- **Frontend:** React.js, Redux, JavaScript, TypeScript, HTML5, CSS3, REST APIs, Responsive Design
- **Backend:** Node.js, Express.js, PostgreSQL, Python
- **Tools & Platforms:** Git, GitHub, VS Code, Postman, npm, Vite

TECHNICAL PROJECTS

Workout Manager - Tech: Python, PostgreSQL | [Github](#)
- Allows users to plan, track, and update gym workouts based on goals and experience level.
- Supports setting workout frequency and logging progress.
- Built with Python and PostgreSQL for data storage and management.

Formula 1 Race Calendar - Tech: Node.js, Brevo API, Flagpedia API, F1 API | [Github](#)
- Displays a countdown to the next F1 race and shows the full season's race calendar.
- Users can subscribe for email notifications, sent via Brevo API.
- Race data is fetched from a public F1 API, and flags are displayed using the Flagpedia API.

EDUCATION

Full Stack Web Development, Python and JavaScript program   *Givatayim, Israel*
Developers Institute, TLV Coding Bootcamp   2025
Completed an intensive fullstack coding bootcamp with a strong focus on React.js, JavaScript, TypeScript, and backend technologies including Express.js, Python and PostgreSQL. Built several fullstack projects.

BA in International Relations   *Minsk, Belarus*
Belarussian State University, Belarus   2013-2017
Completed a comprehensive degree focused on global affairs, communication, and critical thinking.

Ongoing Learning   Online
Actively expanding technical skills through self-paced courses on Udemy, focusing on advanced React, backend development, and best practices in software engineering.

LANGUAGES

Russian – Native, **English** – Intermediate, **Hebrew** – Beginner (actively learning)

OTHER EXPERIENCE

Coffee Shop Manager   *Minsk, Belarus*
- Oversaw daily operations and managed a team of 5+ staff in a fast-paced environment.   2019-2024
- Handled scheduling, inventory, and staff training.
- Developed strong communication, multitasking, and leadership skills now applied to tech projects.
